

Price Increase Notification

Price Changes - Effective January 2025.

Dear Customer,

While the Allegion team continually works to mitigate and absorb cost increases wherever possible, we continue to face significant increases to input costs including freight, distribution, labour and testing/certification costs, and we now need to pass some of this inflation onto our customers.

As such, effective **1st January 2025** we will be implementing a 3% price increase on all SKU's, including any net prices, across the following brands:.

Briton **Brio** **Legge**  **CISA** **AXA**

Any orders received after **31st December**, or where delivery is requested/scheduled from the **1st January** onwards will be processed at the new prices.

An updated customer specific price file with the new prices at individual product level will be issued on 2nd December in electronic format. Any changes to any other brand price books will be communicated as required under separate cover.

If you have any further questions or concerns regarding this price increase, please contact your Account Manager.

Thank you for your understanding and your continued business and support.

Enabling Seamless access
and a safer world.
