

Technical Details

LATCH & LATCH STRIKE

HOOK BOLT, SLAVE AND SHOOTBOLT

Single Handle 841 French Door System

This market leading single handle French Door system is used by some of the leading joineries in the UK and has achieved PAS 24. A continuous slave bolt that is also a keep receiver for the master bolt makes this system easy to fit and highly secure.

- Adjustable on every locking point
- Concealed lever slave operation
- Fully pocketed keeps to hide router hole and protect against water ingress into timber
- Bevelled bottom shootbolt keep
- 35 & 45mm backset available
- 20mm faceplate
- Optional extra non-rebated latch strike ('B' shown below)
